

## SLIDING FEE DISCOUNT PROGRAM

### **We're Here for You**

At Finger Lakes Community Health, we care for everyone. You will never be turned away if you are unable to pay.

We offer a Sliding Fee Discount Program to help lower the cost of your care. The discount is based on how many people live in your home and how much money your household makes (not counting any overtime).

**The Sliding Fee Program is available to everyone — even if you have insurance.**

If your household income is within 200% of the Federal Poverty Guidelines, you may qualify for a discount.

Everyone is welcome to apply. You'll need to renew your application once a year or anytime your income or family size changes.

If you have questions or need help with the form, just ask. We're happy to help!

### How to Apply for the Sliding Fee Discount Program

To apply, please complete the **Sliding Fee Discount Application** included with this packet. The information you provide will help determine your eligibility and discount level.

#### What You'll Need to Complete:

##### ✓ Household Information

List everyone who lives in your home and is supported by your household income. These are usually the same people you list as dependents when you file your taxes.

##### ✓ Income Information

List all income for everyone in your household. This includes both taxable and non-taxable income, such as:

- Wages and tips
- Pensions and annuities
- Veterans' benefits
- Social Security benefits
- Alimony or child support
- Workers' compensation
- Unemployment benefits
- Self-employment income
- Rental income

Please include the number of hours worked per week and months worked per year for each person. We do not include overtime in our calculations.

## ✓ Proof of Income

You must provide one of the following to verify your income:

- Pay stubs for one full month (must be in order and dated within the last 45 days)
- W-2 form
- Social Security annual benefit letter
- Unemployment benefit letter
- Workers' compensation or disability documents
- A signed letter from your employer with your current monthly gross income and hours worked
- Self Attestations or Bank statements (*only accepted if other documents are not available*)

## Additional Information About the Sliding Fee Discount Program

- **Minors (ages 12–18):** If you're getting family planning funded health services, we only count your income—or you can say you have no income. We look at your whole household's income for all other services (like medical, dental, or mental health).
- **Do you have no income or job?** We'll connect you with a Financial Advocate to see if you qualify for insurance or other help.
- **Can't afford care?:** You may qualify for a hardship discount—possibly up to 100% off—after filling out a short form.
- **Keep your information up to date:** If your income or household size changes, please fill out a new application—even if it's before your yearly update.
